

TRAK VENTURES FIRE & SAFETY

Brandon, MB

The 2D - 12" Signal Wand Light contains 6 super bright 5MM LEDs. The flashlight is extremely durable, made of heavy duty plastic construction allowing it to be weather resistant. The signal wand has a easy to use side mounted sealed push button switch and comes with a convenient nylon wrist strap lanyard. The flashlight can be coupled with the metal signal wand stand for hands-free operation. The 2D – 12" Signal Wand Light requires 2 D cell batteries to operate (not included)

The 2D - 9" Signal Wand Light contains 5 super bright 5MM LEDs. The flashlight is extremely durable, made of heavy duty plastic construction allowing it to be weather resistant. The signal wand has a easy to use side mounted sealed push button switch and comes with a convenient nylon wrist strap lanyard. The flashlight can be coupled with the metal signal wand stand for hands-free operation. The 2D – 9" Signal Wand Light requires 2 D cell batteries to operate (not included)

The Metal Signal Wand Stand has a compact collapsible design, allowing for easy storage. The signal wand stand is constructed of durable metal and has rubber booted tripod tips for greater stability. The signal wand stand works with any 9" or 12" signal wand flashlight.
